**REQUEST FOR PROPOSAL #16-85**

This City of Newton Request For Proposals (RFP) invites sealed proposals from Contractors for

**SESSION INITIATION PROTOCOL (SIP) SERVICES**

MANDATORY Pre-Bid Meeting:

**\*10:00 a.m., Wednesday, May 25, 2016 at Newton City Hall, Room 201**

Proposals will be received until

**\*10:00 a.m., Thursday, June 9, 2016**

at the Purchasing Department, Room 201, Newton City Hall, 1000 Commonwealth Ave., Newton, MA 02459. Proposals will not be accepted from proposers that did not attend the Mandatory Pre-Bid.

Contract Documents will be available online at the City's website: [www.newtonma.gov/bids](http://www.newtonma.gov/bids) after: **10:00 a.m., May 12, 2016**. Proposers are responsible for downloading the specifications from the City's web site at [www.newtonma.gov/bids](http://www.newtonma.gov/bids). Proposers are requested to email the Purchasing Department ([purchasing@newtonma.gov](mailto:purchasing@newtonma.gov)) their Company Name, Address, Email address, Phone & Facsimile number and what bid # (i.e. #16-85) they have downloaded.

**It is the City's intention to reduce its communication system costs by using current technology such as SIP trunking, i.e., converting telephone lines from copper to fiber optic cable. Responses will be accepted only from approved vendors under Massachusetts State Contract ITT46. The City anticipates that the winning bidder will drastically reduce the monthly phone bills currently paid to Verizon and replace a large portion of those bills with a significantly smaller single monthly bill.**

**The City shall have the option, at its sole discretion, to procuring ongoing services after conversion from any other contractor, including state contractors under ITT46, if it is deemed in the best interests of the City.**

**The term of this project is for the City's SIP services be upgraded in one or more phases as opportunity and funds allow. The initial term of the contract shall coincide with the first phase and shall extend for one (1) year from the date of contract execution. The City shall have the option, at its sole discretion, to renew the contract for two (2) additional phases with terms of one (1) year each, with no similar, additional funding in the contract price or terms and conditions. The exercise of each option to renew shall be subject to appropriation of funding therefor.**

The descriptions of the hardware, software and licensing solicited in this RFP is described in the Scope of Services below. This Scope of Services shall define the winning proposer's obligations to the City under its contract.

As this is an RFP under M.G.L. c. 30B, proposers shall submit (i) a technical, or non-price proposal in the form attached hereto, which includes everything responsive to this RFP except the proposed contract price, and (ii) a price proposal. The Technical Proposals be responsive to all information requested in the RFP and be in the form set forth at pp. 12-13 below. The price proposals shall be submitted on the Price Proposal #16-85 form included in this RFP.

**All proposals shall be submitted (i) for the technical proposal, one ORIGINAL and six (6) COPIES and (ii) for the price proposal, ONE COPY. In addition, a digital DVD copy of the technical proposal is requested, but not required.**

Proposers' attention is directed to the requirements of the City's Supplemental Equal Employment Opportunity, Anti-Discrimination and Affirmative Action Program and also to the Minority/Women Business Enterprise Plan, December 1999, all of which are hereby available from the City's Purchasing Department's web page. In the event of conflict between any of the above listed policies, the stricter policy shall apply.

All City of Newton bids are available on the City's web site, [www.newtonma.gov/bids](http://www.newtonma.gov/bids). It is the sole responsibility of the contractor downloading these bids to ensure they have received any and all addenda prior to the bid opening. Addenda will be available online within the original bid document as well as a separate file. If you download bids from the internet site and would like to make it known that your company has done so, you are requested to email the Purchasing Department ([purchasing@newtonma.gov](mailto:purchasing@newtonma.gov)) the Company Name, Address, Email address, Phone & Facsimile number and what bid # (i.e. #16-85) has been downloaded.

The City will reject any and all proposals in accordance with the above referenced General Laws. In addition, the City reserves the right to waive minor informalities in any or all bids, or to reject any or all proposals (in whole or in part) if it be in the public interest to do so.

In the event that any person wishes to attend a bid opening or pre-bid meeting, accessible and reasonable accommodations will be provided to persons requiring assistance. If you need a reasonable accommodation, please contact the city of Newton's ADA Coordinator, Jini Fairley, at least two business days in advance of the meeting: [jfairley@newtonma.gov](mailto:jfairley@newtonma.gov) or (617) 796-1253. For Telecommunications Relay Service, please dial 711.

**CITY OF NEWTON, MASSACHUSETTS  
PURCHASING DEPARTMENT  
Instructions to Proposers**

**REQUEST FOR PROPOSAL (RFP) #16-85  
SESSION INITIATION PROTOCOL (SIP) SERVICES**

**I. DECISION TO USE COMPETITIVE SEALED PROPOSALS**

The *Chief Procurement Officer* has determined that in order to select the most advantageous proposal for a SIP SERVICES for the City of Newton (City) comparative judgments of technical factors, under M.G.L. c. 30B, §6 in addition to price, will be necessary. While low price is an important factor in selecting the most advantageous service provider, it is also important that the City be able to consider (1) the proposer's experience in providing SIP Services solutions to government agencies and municipalities similar to Newton, (2) the proposer's qualifications and staffing, (3) the proposer's ability to deliver the hardware, support and services needed. The City's ability to weigh these factors is best achieved by procuring a SIP services through a Request For Proposals (RFP).

**II. INSTRUCTIONS TO PROPOSERS**

- A. **GOVERNING LAW and DEADLINE FOR SUBMISSION:** All proposals must be submitted in accordance with Massachusetts General Laws Chapter 30B, Section 6, to the *Chief Procurement Officer* in the Purchasing Department, Newton City Hall, 1000 Commonwealth Avenue Room 201, Newton, MA 02459, no later than **10:00 a.m., June 9, 2016.**
- B. **A responsive proposal shall consist of two parts: (i) a Technical Proposal made up of one (1) original, and six (6) paper copies and (ii) one (1) paper copy of a Price Proposal. The Technical Proposal and the Price Proposal shall be submitted in separate sealed envelopes.**

**In addition, a digital DVD copy of the technical proposal is requested, but not required.**

The six (6) copies of the TECHNICAL PROPOSAL and the one (1) PRICE PROPOSAL must be submitted in **SEPARATE SEALED ENVELOPES.**

Envelopes shall be marked:

**“TECHNICAL PROPOSAL - RFP #16-85 SIP SERVICES”**

AND

**“PRICE PROPOSAL - RFP #16-85 SIP SERVICES”**

along with your firm's name on both envelopes. If a Price Proposal is included in the Technical Proposal, the proposal may be rejected.

The Technical and Price Proposals shall be provided in the format specified in this RFP.

Where information is requested, proposals must provide it in the same order of the as requested in this RFP and identify the page number of the RFP that relates to the information response.

**Faxed proposals will not be accepted.**

All proposal contents shall be confidential until the evaluation is final and award has been made.

The Technical Proposals shall be evaluated by an Evaluation Committee; the Evaluators shall prepare their evaluations based on the criteria contained herein.

Any proposer submitting a proposal must satisfy all the **Minimum Criteria, below**. **Proposals that do not demonstrate compliance with the Minimum Criteria may be rejected as non-responsive. All proposals not rejected as non-responsive shall be evaluated based on the five (5) Comparative Criteria below.**

The City of Newton reserves the right to waive any informalities in any or all RFPs, or to reject any or all RFPs, if it be in the public interest to do so. The City reserves the right to request site visits and demonstrations of existing vendor operations.

Upon completion of the evaluation of the responsive Technical Proposals, the *Chief Procurement Officer* will open and evaluate the Price Proposals. A contract will be awarded to the responsive and responsible proposer whose proposal is determined to be most advantageous taking into consideration the Technical and Price Proposals. The City reserves the right to reject any and all proposals and to award a contract as determined to be in the best interests of the City.

All proposals shall remain firm for ninety (90) calendar days after the proposal opening.

### IV. PROPRIETARY SPECIFICATIONS

The City may have used a proprietary specification to describe the supply for which is soliciting bids. Such specifications are permitted under M.G.L. c. 30B, §14, provided that the Chief Procurement Officer has prepared a written statement that no other manner of description suffices and the justification therefor.

The required determination and justification have been duly prepared, and a copy may be requested in accordance with the Massachusetts Public Records Law, M.G.L. c. 66, §10.

## **RULE FOR AWARD**

The most advantageous proposer will be selected based on (1) Minimum Criteria, (2) Comparative Criteria as applied to the information provided by a proposer in its Technical Proposal and (3) price.

## **MINIMUM CRITERIA**

Any proposer submitting a proposal for the SIP SERVICES must satisfy all the **Minimum Criteria**.

**Proposals that do not demonstrate compliance with the Minimum Criteria will not be further considered.**

The Minimum Criteria are as follows:

1. Completed Technical Proposal 16-85 together with all information requested therein.
2. Completed Bidder's Qualifications And References Form
3. Completed Certificate of Tax Compliance
4. Completed Certificate of Non-Collusion
5. Completed Debarment Letter
6. Completed IRS Form W-9
7. Proposer shall have a minimum of five (5) years' experience installing and supporting sophisticated SIP trunk installations and describe a successful municipal installation in a city or town of similar size to Newton, MA.
8. The names of at least five (5) municipalities for which the proposer has installed a SIP trunking or another comparable cost reducing protocol that significantly reduces the monthly financial burden with Verizon..
9. The winning solution provider is an approved vendor under Massachusetts State Contract ITT46.
10. Proposer has provided references from at least twelve (12) Massachusetts cities, towns or agencies.
11. The vendor is a facilities based direct provider who owns their IP network, and does not supply a TDM solution with IP overlay.

To the extent that a Minimum Criterion requires the certification of fact, the proposer's certification as to that fact shall be an adequate response provided, however, that on request the proposer shall provide to the City such evidence as the City may request to support that fact.

## COMPARATIVE EVALUATION CRITERIA

The evaluation of each proposal for the SIP SERVICES will be based upon the “Comparative Evaluation Criteria” described in this section. The following scale will be used to rate each evaluation criterion, as well as to determine a composite rating of each proposal:

“Highly Advantageous”  
“Advantageous”  
“Not Advantageous”  
“Unacceptable”

An “Unacceptable” rating in any one of the criteria will eliminate a proposal from further consideration.

### COMPARATIVE EVALUATION CRITERIA

Proposals from contractors who meet or exceed the Minimum Criteria will be evaluated and rated on the basis of the following comparative criteria. The city reserves the right to ask any respondent to provide additional supporting documentation in order to verify its response.

Ratings of Highly Advantageous (HA); Advantageous (A); Not Advantageous (NA); or Unacceptable (U) will be given to each of the following criteria for each respondent. A composite rating will then be determined. A composite rating of Highly Advantageous or Advantageous may be assigned only if a proposal has received at least one such rating among the criteria listed below.

#### **1. State / Local Experience**

HA	Vendor has over 5 years’ of SIP experience with at least 5 communities with populations greater than 60,000 and at least 20 municipal, educational and public safety buildings or comparable enterprise account experience.
A	Vendor has over 5 years’ of SIP experience with at least 5 communities with populations greater than 30,000 and at least 10 municipal, educational and public safety buildings or comparable enterprise account experience.
NA	Vendor has less than 5 years’ of SIP experience with less than 5 communities with populations greater than 15,000 and at less than 10 municipal, educational and public safety buildings or comparable enterprise account experience.
U	Vendor does not have acceptable municipal or enterprise experience.

#### **2. Local Service and Technical Support**

HA	Vendor has a local office with technicians available within 30 minutes for remote support/on site of Newton. Vendor offers 24 x 7 support with 2 hour response time.
A	Vendor has a local office with technicians available within 60 minutes for remote support/on site of Newton. Vendor offers less than 24 x 7 support with 2 hour response time.
NA	Vendor has a local office with technicians available within 2 hours for remote support/on site of Newton. Vendor offers less than 24 x 7 support with 2 hour response time.
U	Vendor is not local, or is not able to commit to 2 hour response time, or does not offer 24 x 7 support.

#### **3. Newton desires to be able to integrate all the City sites together and all the School sites together with failover between City, Schools, Police Headquarters and Fire Headquarters**

HA	All direct inward dialings (DIDs) will follow a different path but never interrupt service to the intended DID destination.
A	DID translations to other DIDs will solve this challenge
NA	DIDs will go to a voice mailbox, auto-attendant/receptionist at a different core location
U	DIDs do not have a backup solution

**4. Online billing of equipment and services**

HA	Invoicing will be done online with breakdowns by cost centers or buildings with individual as well as master totals.
A	Invoicing done online but breakdowns by cost centers are not an option
NA	Invoicing not online, not broken down by call centers
U	Paper bills

**5. Core Site SIP Services, delivery medium**

HA	Services are delivered completely via fiber optic cable
A	Services are a combination of fiber and copper
NA	Services are repurposed existing lines with undocumented history of maintenance.
U	Services are 100% copper

## SESSION INITIATION PROTOCOL (SIP) SERVICES

### SCOPE OF SERVICES

#### Overview

**Proposals submission must, at minimum, be able to provide all services/deliverables and meet all timelines stated below:**

#### Overview of the Project: Decrease Costs for Communications in the City

The City of Newton by rough estimate average pays \$20,000 per month for phone service from Verizon to approximately 60 buildings. We have an array of services accumulated over the years that were ordered with no vision or master plan for financial responsibility. The City has multiple PRI circuits at City Hall, Police Headquarters, Fire Headquarters and the Education Center. Below is a table showing the breakdown for one month from the fall of 2015.

The City is in the process of reducing unused Centrex and Business lines.

The City is looking for an experienced provider on the Commonwealth of Massachusetts ITT46 contract to study the **Breakdown of a Monthly Bill from Fall 2015 (Attachment B)** in this document. **Prospective bidders will design, propose and show a logical plan to implement a cost effective solution that will allow us to retain at least our current levels of service but significantly decrease our overhead. While the title of this bid is SIP services, we are not limiting solutions to SIP only; it is merely a title.**

The City is in the midst of a multi-year process to convert our phone systems from a very old Mitel SX-2000 PBX system to a Mitel VoIP system. We are working with Partner's Technology in this implementation and expect that the winning bidder will also develop a close, professional working relationship with Partners.

The City has a comprehensive fiber network with connections to nearly 60 buildings. Currently many sites connect via an MSDN connection of fiber using media converters. We also use a lot of Verizon copper for radio services that would also benefit from a review. Please see **Attachment C (City Buildings with Fiber Connections)** and **Attachment D (Overview of Consolidation Schematic)**.

The City welcomes members of ITT46 to propose solutions that will allow us to significantly reduce our monthly phone bills without sacrificing quality of service.

The point of contact will be the Municipal Information Technology Department.

Work performed after normal business hours will not justify additions to the cost of the project. It is expected that some parts of this project will need to be done before 8am and/or after 5:30 pm.

Follow up quarterly billing reviews are a mandatory requirement of the selected provider to insure that the billing matches the quoted price shown in these documents and more importantly, that the services that were installed and activated correctly. It will be incumbent upon the chosen provider to insure that all quoted services are fully installed and activated to the Newton's confirmation and satisfaction and compliant with the provisions of the Commonwealth of Massachusetts ITT46.

The provisioning of SIP based voice services includes the need for strict QoS compliance with dedicated circuits that can also provide a Broadband MPLS connection between the sites and be able to fully integrate and support four (4) or possibly five (5) digit dialing to and from the Mitel nodes and the satellite sites.

Upon acceptance of your solution, Newton desires to be able to integrate all the City sites together and all the School sites together with failover between City, Public Safety sites and Schools.

With regard to the provisioning and use of SIP based voice services, it is critical to insure that the selected provider provide management and configuration so that the services are implemented specifically to serve the needs for business continuity (BC), redundancy and disaster recovery (DR).

It is mandatory that the carrier's system provide a uniform, ubiquitous, and seamless integration of the Mitel nodal sites and the selected satellite sites. Several of the smaller sites may be upgraded to accept IP telephones (Mitel Teleworkers). Voice service to the Mitel sites must be delivered and interconnected privately, not via the Public Internet.

Newton wishes to select a facilities based direct provider who owns their IP network, and not a TDM solution with IP overlay.

It is deemed to be in the best interest of Newton for the provider to be headquartered locally or have a major local network infrastructure presences so as to insure that the proper level of support and control over all network elements that can be provided to Newton. Newton seeks a close working vendor relationship and immediate local awareness of day to day network conditions that may affect Newton's ability to effectively communicate at any given time.

The selected provider will assign a highly experienced and responsible project manager and account manager who can provide advocacy for service maintenance and network performance monitoring. The project manager and account manager shall have previous experience in projects of similar size and complexity and must be interviewed and accepted by the City of Newton's Department of Information Technology and Joseph Mulvey, Chief Information Officer.

Your response should include a detailed description on the exact type of Circuits and Lines, including equipment, that you propose to provide at each site. You are to assume that all sites with more than three (3) telephones, unless indicated, are connected by fiber. It would also be helpful that you present a network diagram of your solution. Please explain, in detail, the types of redundancies that are built into your proposed network. Indicate this for the City, the Police Department, the Fire Department and the Schools.

Include a list of employees that will be assigned to this project and their tasks.

**CITY OF NEWTON**  
**DEPARTMENT OF PURCHASING**  
**TECHNICAL PROPOSAL #16-85**

To be submitted in an envelope marked as follows:

**Technical Proposal – SIP SERVICES RFP #16-85**

**Respondent's Name** \_\_\_\_\_  
**Name of Individual or Company making Proposal**

Technical Proposals shall be submitted in the following format.  
The Technical Proposal shall be in the following format:

**Section 1: Executive Summary**

Provide an overview of the proposed system. Discuss building by building the varying lines to each and how the proposed solution would function and detail the cost and cost savings.

This is intended to be high level in nature and address such general items of interest as scope of services, experience with the hardware and software proposed, a plan for keeping the existing systems up and running, practices to avoid down time, training for administration and end users, as well as other items that will allow the evaluation personnel to fully understand the proposal.

**Section 2: System Description**

Provide as much detail as possible to describe the important features of the proposal in terms of meeting the overall and specific requirements. It should contain the following at a minimum:

- ☐ Complete description of the proposed approach to the City's requirements.
- ☐ A statement detailing the ability to implement the equipment, software and licenses described to accomplish the project.
- ☐ Description of the vendor's experience in migrating portions of a system to VoIP while preserving full functionality of the existing system.

**Section 3: Management and Implementation Plan**

Detail the management plan for providing the services, system components and procedures for meeting the requirements of the RFP including all major milestones into a realistic detailed work breakdown structure for all major phases of the project.

**Section 4: Exceptions, Alternatives, and Options**

The City encourages the vendor to adhere to our requirements for hardware, software and licensing.

*Any false or misleading information will be subject to immediate disqualification of the respondent's proposal.*

**Additional Documentation**

The following documents must be submitted with the Technical Proposal:

- Bidder's Qualifications and References Form, 2 pages
- Certificate of Non-Collusion, 1 page

Re: Debarment Letter for Request for Proposal #16-85

As a potential vendor on the above contract, the City requires that you provide a debarment/suspension certification indicating that you are in compliance with the below Federal Executive Order. Certification can be done by completing and signing this form.

**III. Debarment:**

**Federal Executive Order (E.O.) 12549 “Debarment and Suspension“ requires that all contractors receiving individual awards, using federal funds, and all sub-recipients certify that the organization and its principals are not debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded by any Federal department or agency from doing business with the Federal Government.**

I hereby certify under pains and penalties of perjury that neither I nor any principal(s) of the Company identified below is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.

**Part I Taxpayer Identification Number (TIN)**

Enter your TIN in the appropriate box. The TIN provided must match the name given on Line 1 to avoid backup withholding. For individuals, this is your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the Part I instructions on page 3. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN* on page 3.

**Note.** If the account is in more than one name, see the chart on page 4 for guidelines on whose number to enter.

**Part II Certification**

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me), and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding, and
3. I am a U.S. citizen or other U.S. person (defined below).

**Certification instructions.** You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the Certification, but you must provide your correct TIN. See the instructions on page 4.

**General Instructions**

Section references are to the Internal Revenue Code unless otherwise noted.

**Purpose of Form**

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

**Note.** If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

**Definition of a U.S. person.** For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

**Special rules for partnerships.** Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

The person who gives Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States is in the following cases:

- The U.S. owner of a disregarded entity and not the entity,

## City - Contractor Agreement C -

### SIP SERVICES

#### CITY - CONTRACTOR AGREEMENT

CONTRACT NO. C- \_\_\_\_\_

THIS AGREEMENT made this \_\_\_\_\_ day of \_\_\_\_\_ in the year Two Thousand and Sixteen by and between the CITY OF NEWTON, a municipal corporation organized and existing under the laws of the Commonwealth of Massachusetts, hereinafter referred to as the CITY, acting through its Chief Procurement Officer, but without personal liability to him, and

hereinafter referred to as the CONTRACTOR.

The parties hereto for the considerations hereinafter set forth agree as follows:

- I. SCOPE OF WORK.** The Contractor shall furnish all labor, materials and equipment, and perform all work required in strict accordance with the Contract Documents for the following project:

#### SESSION INITIATION PROTOCOL (SIP) SERVICES

- II. CONTRACT DOCUMENTS.** The Contract documents consist of the following documents which are either attached to this Agreement or are incorporated herein by referenced:

- a. This CITY-CONTRACTOR Agreement;
- b. The City's Request For Proposals #16-85 (RFP) issued by the Purchasing Department;
- c. The Project Manual for **SIP SERVICES** including the Instructions to Bidders; General Conditions; Special Conditions; MWBE/AA Requirements, Wage Rate Requirements and Wage Rate Schedule(s) including any updated prevailing wage rate schedules if applicable; The Supplementary Special Conditions; General Requirements and Project Specifications; and Drawings, if included or referenced therein;
- d. Addenda Number(s) \_\_\_\_\_;
- e. The Proposal of the CONTRACTOR submitted for this Project and accompanying documents and certifications;
- f. Certificate(s) of Insurance and surety bond(s) submitted by the CONTRACTOR in connection with this Project;
- g. Duly authorized and executed Amendments, Change Orders or Work Orders issued by the CITY after execution of this CITY-CONTRACTOR Agreement.

This CITY-CONTRACTOR Agreement, together with the other documents enumerated in this Article, constitute the entire Agreement between the CITY and the CONTRACTOR. The CONTRACTOR represents that its bid was made without condition, qualification or reservation of any kind, except upon the written acknowledgement and consent of the CITY.

- III. PRIORITY OF DOCUMENTS.** In the event of inconsistency between the terms of this CITY -CONTRACTOR Agreement and the Project Manual, the terms of this Agreement shall prevail.

- IV. APPLICABLE STATUTES.** All applicable federal, state and local laws and regulations are incorporated herein by reference and the Contractor agrees to comply with same.

- IV. CONTRACT TERM.** The City's SIP services shall be upgraded in one or more phases as opportunity and funds allow. The initial term of the contract shall coincide with the first phase and shall extend for one (1) year from the date of contract execution. The City shall have the option, at its sole discretion, to renew the contract for two (2) additional phases with terms of one (1) year each, with no similar, additional funding in the contract price or terms and conditions. The exercise of each option to renew shall be subject to appropriation of funding therefor.
- V. AUTHORIZATION OF AND PAYMENT FOR WORK PERFORMED.** The execution of this contract does not constitute a notice to proceed or authorization to perform work. No work shall be commenced unless authorized by a written Work Order prepared by City of Newton Public Buildings Department specifying the work to be performed. The Contractor will be paid following completion and acceptance of the work authorized in accordance with the Contract. The City will use best efforts to pay within thirty (30) days of receipt of an invoice for the work authorized or acceptance of the work whichever date is later.
- VII. RESPONSIBILITY FOR THE WORK/INDEMNIFICATION.** The Contractor shall take all responsibility for the work, and shall take all precautions for preventing injuries to persons and property in or about the work and shall defend, indemnify and hold the City harmless from all loss, cost, damage or expense arising from injuries to persons or property in or about the work. The Contractor shall be responsible for any damage which may be caused by the failure or insufficiency of any temporary works. He shall effectively protect his work and shall be liable for all damage and loss by delay or otherwise caused by his neglect or failure so to do.
- VIII. WARRANTY.** Except as may be otherwise provided in the Project Manual, the Contractor shall replace, repair or make good, without cost to the City, any defects or faults arising within one (1) year after date of acceptance of work and materials furnished hereunder (acceptance not to be unreasonably delayed) resulting from imperfect or defective work done or materials furnished by the Contractor.
- IX. PATENT INDEMNIFICATION.** The Contractor agrees to assume the defense of and shall indemnify and save harmless the City and all persons acting for or on behalf of it from all suits and claims against them, or any of them, arising from or occasioned by the use of any material, equipment or apparatus, or any part thereof which infringes or is alleged to infringe on any patent rights. In case such material, equipment or apparatus, or any part thereof, in any such suit is held to constitute infringement, the Contractor, within a reasonable time, shall at its own expense, and as the City may elect, replace such material, equipment or apparatus with non-infringing material, equipment or apparatus, or remove the material, equipment, or apparatus and refund the sums paid therefor.
- X. ASSIGNMENT/SUB-CONTRACTING.** The Contractor agrees that he will not sell, assign or transfer this Contract or any part thereof or interest therein without the prior written consent of the City.
- XI. TERMINATION.** If the work to be done under this Contract shall be abandoned, or if this Contract or any part thereof shall be assigned or transferred, without the previous written consent of the City, or if the Contract or any claim hereunder shall be assigned by the Contractor otherwise than as herein specified, or if at any time the City determines that the conditions herein specified as to the rate of progress are not fulfilled, or that the work or any part thereof, is unnecessarily or unreasonably delayed, or that the Contractor has violated any of the provisions of this Contract, the City may terminate this Contract and/or notify the Contractor to discontinue such work or such part thereof as the City may designate, and the City may thereupon by agreement or otherwise, as it may determine, complete the work, or any part thereof; and for such completion the City for itself or for its Contractor may take possession of and use or cause to be used in the completion of the work thereof any of such materials, apparatus, machinery, implements, and tools of every description as may be found upon said work. Termination pursuant to this paragraph shall not entitle the Contractor to any claim for damages on account thereof, nor shall it relieve the Contractor of any liability under this Contract.
- XII. GOVERNING LAW.** This Contract shall be governed by and construed in accordance with the laws of the Commonwealth of Massachusetts.
- XIII. SEVERABILITY.** The provisions of this Contract are severable. If any section, paragraph, clause or provision of this Contract shall be finally adjudicated by a court of competent jurisdiction to be invalid, the remainder of this Contract shall be unaffected by such adjudication and all of the remaining provisions of this Contract shall remain in full force and effect as though such section, paragraph, clause or provision, or any part thereof so adjudicated to be invalid, had not been included herein, unless such remaining provisions, standing alone, are incomplete and incapable of being executed in accordance with the intent of the parties to this Contract.

**XIV. AMENDMENTS TO THIS CONTRACT.** This Contract may not be amended except in writing executed in the same manner as this CITY-CONTRACTOR Agreement.

IN WITNESS WHEREOF, the parties have caused this instrument to be executed under seal the day and year first above written.

## Overview of Consolidation Schematic

POTS = Only represents lines in the PBX, customer may need other lines outside for Fax, Modem, alarms etc.  
POTS-would be the least expensive lines, these could be Centrex, POTS etc..  
This does not represent all location, please refer to excel for all locations.
